

# Jacquard Inks

## Piñata Colours

### Susan Pickering Rothamel signature Line

(Formerly known as Fiesta Colours)

Piñata Colours are beautiful, highly saturated, acid free, transparent colours. They are alcohol based, indelible and moisture-resistant when dry. That means you can work freely on most any clean, oil-free surface: glass, plastic, metal foil, metal, leather, paper, vinyl etc. Highly versatile, Piñata Colours can be used in a variety of applications: rubber-stamping, fine art, and scrap booking. Also use Piñata Colours for faux finishing techniques, graphic and airbrush applications as well as wood and leather staining.

They can be mixed or blended. Apply with a stamp, pen, brush or airbrush.

#### 17 vibrant colours
