You will need these STAEDTLER products:

- 1 block each of FIMO soft in the colours raspberry (8020-22), peppermint (8020-39), apple green (8020-50) and lemon (8020-10)
- acrylic roller (8700 05) or rubber roller

You will also require:

- paper, pencil
- ruler, scissors, roller
- craft knife, glue
- various sized gemstones
- pen tops, hair clip with flat top, card
- baking tray

Step 1

Fold some paper in half and draw half a butterfly shape 5 cm high x 4 cm wide.

Cut around the outline and open out for a symmetrical template.

Knead four portions of raspberry FIMO to soften and roll 3 mm deep.

Place the template over the FIMO and cut around the outline.

Smooth the FIMO edges with your fingertip.

Step 2

Roll thin strands of apple green FIMO.

Gently press the strands around the outside edge of your butterfly, cut off any overhanging FIMO and neaten the join.

Roll a peppermint FIMO body and press into the middle of your butterfly, marking lines with a craft knife.

Cut small circles of green and lemon using pen tops and press onto the wings.

Step 3

Place your butterfly onto a baking tray.

Oven-bake for 30 minutes at 110°C / 230°F.

Allow to cool.

Glue gemstones into place, not forgetting the eyes.

Cut antennae from card and glue behind the head.

Glue your finished butterfly onto a hair clip and enjoy being a party princess!
